

TORQEEDO
3.0T CRUISE O/B
\$4,298

We've upgraded our proven, reliable Cruise motors with 50% more power.

The new Cruise 3.0 and 6.0 motors include optimized helical gears to provide quiet, lightweight power unrivaled in this market.

This durable and extremely robust design is perfect for sailboats, motorboats and commercial applications up to 12 tons.

Available with remote throttle (R) or tiller (T) control, in 3.0 kW, 6.0 kW, 10.0 kW and 12.0 kW versions - with a variety of shaft lengths to accommodate a wide range of applications.
